

Tax Services

Briggs & Veselka Co. CPAs and Business Advisors

Taxes shouldn't be a taxing experience.

Are you taking advantage of the appropriate tax credits? Are you paying more in taxes than you should? Do you know what you need to report and how to report it? Taxes come with complex regulations, reporting and compliance. We can help.

Why Briggs & Veselka?

The Tax professionals at B&V know the types of issues both individuals and companies face when working with taxes.

We take the time to understand your needs.

You can't afford to be represented by a CPA firm that doesn't understand complex tax issues and regulations. When changes occur at a local or national level that impact your taxes, we make it our business to understand them. We also make it a priority to understand your goals and challenges and help you manage your tax issues so that you will be in a better position to attain them.

We know our business.

We understand your needs are far greater than the preparation of tax returns, and our goal is to anticipate those needs and offer you the services to meet them.

Our experienced staff members have diverse backgrounds, including specialists in tax controversy, business structuring, international tax and personal financial planning. We have resources with more than 25 years of IRS experience, and we believe you'll be hard pressed to find more tax expertise at firms of similar size.

Our staff members are fluent in 17 languages and connected to professionals at 135 firms located in 70 countries world-wide as members of the BKR International Network. Our membership in BKR International provides us a direct link to CPAs who can help with tax planning, compliance and reporting in local territories across the globe.

Building your future.

Choosing a CPA firm is only one of the many decisions you make for your business, but it can be one of the most important. Take a look at our accounting and consulting services and let us know where we can help. We'll be happy to sit down with you and identify the best strategies to meet your needs and help you reach your goals.

Experience Counts.
